

## Downloading an Overdrive Ebook to iPad, iPhone, or iPod Touch

**NOTE:** You will need a Wi-Fi connection. A Mac or PC is not necessary to download titles on an iPad, iPhone, or iPod Touch.

1. Install **iBooks** on your **iPad, iPhone or iPod Touch** by going to the **App Store**.
2. Install the **OverDrive Media Console** app on your **iPad, iPhone or iPod Touch** by going to the **App Store**. You will need to have iOS v4.0 or higher installed on your device.
3. Launch **OverDrive Media Console** app and authorize with your **Adobe ID**. You will only need to do this once. If you do not have an **Adobe ID**, you will be prompted to "Register at Adobe.com."
4. As soon as you have registered with **Adobe**, select the Authorize button.
5. Launch the **OverDrive Media Console** app on your **iPad, iPhone or iPod Touch**.
6. Listen to the Welcome to OverDrive Media Console if you would like a brief info of the app at the requirements.
7. Touch **Get Books+** located in the upper right hand corner.
8. Touch **Add a Library** and type in **Vicksburg District Library**. Select under the **Library Systems** heading the **Southwest Michigan Digital Library**.
9. **Safari** on your **iPad** will launch and direct you to the **SMDL** Digital page.
10. Select **Login** (located in the right hand corner), choose **Vicksburg District Library**, and enter your library card number.
11. Browse for either **Kindle Book** or **Adobe EPUB eBook** titles. If the title is available, you can check it out and download it immediately.
12. Any titles of interest that are not available can either be placed on hold by selecting **Place a Hold** or added to a wish list by selecting **Add to Wish List**.

### Kindle Books

- If the title is a **Kindle Book**, and available, select the **Get for Kindle** button. This will open the **Amazon.com** website. You will have to have an Amazon account and will need to log in.
- Tap the title to begin reading. Enjoy!
- You will need to install the **Kindle App** on your **iPad, iPhone or iPod Touch** to read **Kindle Books**. Select the **Kindle App** and then the **Get library book** button and sync your app to download the book.
- To return a **Kindle Book**, go to **Manage My Kindle** at **Amazon.com** and choose your device. From there you can select the **Actions** button to return items and delete from your account.
- If an available title is an **EPUB eBook** simply select the **Download** button. The title will then download and automatically transfer in the **OverDrive app** library with an icon indicating how many days the title is checked out to you.
- Tap the title to begin reading. Enjoy!
- To return **EPUB eBooks**, swipe across the title in the list and select the **Delete** button. Tap **Return and Delete** and the title will be checked in and deleted from your list
